PROJECT MANAGERS ANNUAL ADDRESS

Valeriya Granovska,

Head of partnership projects and work with medical institutions

In 2022, we had plans to develop our projects and initiate new ones in the fields of ecology, children's assistance, and more. However, the events of February 24th halted almost all the work we had started. We managed to react quickly to the situation, and in the early days of the war, we launched the "Ukraine War Help Center" project. Within this framework, we began providing aid to internally displaced families, people fleeing the war, the Armed Forces of Ukraine, hospitals, and the people living in active conflict zones such as Kyiv, Chernihiv, Kharkiv, Kherson regions, and others. Initially, there was a lot of chaos, but we had two important goals – to maintain control and the team.

As time passed, we quickly learned to work in conditions of war. We adapted to the needs and started building not only tactical but also strategic goals. Thus, we were able to support not only the military and civilian population but also provide hospitals with valuable medical equipment that helps save lives. We also supported institutions that care for animals, such as animal shelters and zoos in Kyiv, Kharkiv, and Mykolaiv regions, which were on the verge of survival.

We sincerely thank all our partners and donors for their contributions because, without you, friends, we would never have been so helpful. We are confident in Ukraine's victory. We clearly feel that we are in the right place at the right time!

Despite the fact that most of the Foundation's resources are directed towards implementing the "Ukraine War Help Center" project, we tried not to forget about our other directions. In May and June, we resumed projects to support seriously ill children, public and charitable organizations.

This year became the most challenging year of our lives and the biggest professional challenge, but still, we welcomed 2023 with hope in our hearts! Throughout this year of the war, our team underwent a significant transformation. We became strong, confident, and we know for sure that superheroes do not live in movies but in Ukraine, and many of them we know personally.

Vladyslava Andrushchenko,

Head of grant projects and work with IDPs

2022 was the year that changed us. The year that changed everything. The fear, pain, and uncertainty we all felt on the morning of February 24th, we managed to transform into a single goal – bringing Ukraine closer to victory!

It took our foundation a few days to adjust to the new realities. We don't want to dwell on the difficulties we had to face. There were many, perhaps even too many, but what matters is that we managed to overcome them. For that, we are immensely grateful to our team, partners, and everyone who did not stand aside and joined our projects.

We are happy with how much we have done this year. We could organize our work effectively, set priorities, define new roles and responsibilities. We worked 24/7, supporting each other and not letting the circumstances deter us. We were acutely aware of the importance of our work and the mission we carry – to help those who have suffered the most from the horrors of war.

This was a year of reflection and realization. We felt the power – each of us individually and as a united nation. We now know for certain that nothing is impossible. Every day we are amazed at what we are capable of, but we know we can do more. And we are doing it!

With gratitude and respect to everyone who supported us!

UKRAINE WAR

HELP CENTER

After the start of the full-scale war by Russia against Ukraine, we created a separate response program called the "Ukraine war help center," which operates in

4 main directions:

Aid to internally displaced families living in shelters, addressing urgent humanitarian issues in besieged cities, assistance to Points of invincibility;

Supplying essential goods, tactical and protective equipment to the Armed Forces of Ukraine and territorial defense units.

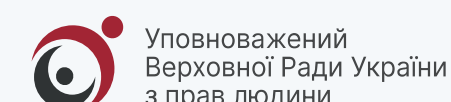

Provision and support of medical institutions throughout the territory of Ukraine

Assistance to Ukrainian charitable and public organizations actively involved in aid projects.

Within the program, we collaborate with local and district authorities, representatives of regional military administrations, NGOs, and territorial communities. The main beneficiaries of the program are Ukrainian citizens who have suffered as a result of military aggression, those forced to change their place of residence, individuals who have been injured due to military actions or rocket attacks, soldiers of the Armed Forces of Ukraine and territorial defense units, as well as medical professionals and representatives of the healthcare sector.

Within the program, we also collaborate with:

REVIEWS FROM SHELTERS FOR IDPS

On behalf of the "Ya dopomozhy" NGO, I would like to express our heartfelt gratitude for your invaluable support during this challenging time. Your generous contribution of food supplies, kitchen equipment, a generator, household appliances, and daily-use goods has made a significant difference in the care we provide to our shelter residents. Your kindness and support have uplifted our spirits and enabled us to offer the best possible assistance to those in need.

Tetyana Adamchuk,
project manager of the NGO "Ya dopomozhy"

We extend our deepest gratitude for your active social stance and sincere dedication to the residents of the "Vse bude dobre" shelter created by the Charitable Foundation "Your support"! You, in an extremely difficult time for our country, help Ukrainians whose homes were taken away by the war. But the war could not destroy our hope, effectiveness, and unity, which is possible due to the effective synergy of such caring people as you and the Charitable Foundation "Your support". With your help, we are one step closer to achieving victory.

Valeriya Tatarchuk,
founder of the Charitable Foundation "Your support"

The team of the NGO "Care in Action" and the hundreds of people who are currently guests in Lviv and the surrounding region would like to express our sincere thanks for your support and assistance. Your foundation responded promptly to urgent needs, providing food kits, electric stoves, gas cylinders, medicines, and more. Through your aid, we were able to help families with children, the elderly, and those who are most vulnerable. We are particularly grateful for the support extended to the Care Center in Vinnyky. Together to victory! 🇺🇦💙

Khrystyna Vorobets,
project manager of the NGO "Care in Action"

The "Rovesnyk" health and treatment center wholeheartedly thanks your charitable foundation for the support provided throughout the challenging year of 2022, which we have faced together amidst the war. We have sheltered over 1,200 internally displaced persons from war-affected territories, and on numerous occasions, we have turned to you for assistance, and you have never turned us away. Your continuous help will forever leave a positive impact on our efforts to support displaced people.

Anna Heryak,
director of "Rovesnyk"

The Center for Social and Psychological Rehabilitation of Children and Youth with Functional Limitations "Obriy" extends its immense gratitude to the "Social Projects Center of Future" for your timely assistance in improving the living conditions of internally displaced persons. The provided furniture has proven to be immensely useful, addressing the shortage we faced. The convenient and functional clothes dryers have greatly benefited people in wheelchairs, ensuring easy accessibility and functionality. During the period of electrical system problems and constant power outages in Ukraine, the power banks and flashlights have been of significant value. Thank you sincerely for your contribution to our joint victory!

Svitlana Demko,
director of "Obriy"

To all members of the "Social Projects Center of Future" foundation, we would like to express our gratitude for your unwavering support, effective collaboration, and partnership. Throughout 2022, you have been a reliable source of strength and support, offering aid to internally displaced persons, providing sweets to children, fuel pellets, firewood to the Mother and Baby Shelter, and gifts for children. Your assistance during these challenging times not only provides material support but also instills hope that together we can overcome any obstacles. May you be blessed with strength and inspiration for your future endeavors, as we work together towards our shared victory. May the Lord bless you! 🇺🇦💙

Maryana Labyk,
co-founder of "Syla Uzhhoroda" charitable foundation

Thank you for your assistance in providing essential supplies such as food, hygiene products, a refrigerator, a freezer, and more. We are particularly grateful for the gifts you sent to the children during the New Year holidays. Your support is exceptional. You are the best!

Tetyana Nemynushcha,
head of youth camp "Ecolog"

REVIEWS FROM UKRPOSHTA MANAGERS

We express our heartfelt gratitude to the "Social Projects Center of Future" for the long-term cooperation and support

We express our heartfelt gratitude to the "Social Projects Center of Future" for the long-term cooperation and support, especially during the most challenging times. After the full-scale invasion of the Russian Federation into Ukrainian territory, our region came under active attack, and later on, Chernihiv was practically besieged.

The "Social Projects Center of Future" supported our workers and the local population by providing them with food supplies at a time when stores ceased to operate, and people were uncertain about the next day. We were able to open humanitarian aid distribution points at Ukrposhta branches in Chernihiv, allowing many people to receive essential food products that they couldn't obtain elsewhere. Additionally, we were able to provide assistance with food supplies to units of the National Police of Ukraine using the remaining stock we had in our warehouses.

Olena Doroshenko,
Director of "Ukrposhta" Chernihiv Directorate

We are proud of the work we have done and believe in Ukraine

We sincerely thank the Charitable Organization "Social Projects Center of Future" for the cooperation and support during the most difficult times. After the full-scale invasion of the Russian Federation into Ukrainian territory, certain regions suffered greatly, and people found themselves surrounded without the ability to purchase medication, food, and essential goods. The Kharkiv region was one of them.

Together with the Foundation, our management was able to organize humanitarian aid for the people in Kharkiv. In the spring of 2022, we repeatedly delivered food supplies to people who were taking shelter in the Kharkiv underground, shelters, and hospitals. We are proud of the work we have done and believe in Ukraine and its victory, as this partnership once again proves that we are united and together we will overcome everything!

Yuriy Nabasov,
Director of "Ukrposhta" Poltava Directorate

We are grateful to the "Social Projects Center of Future" for the long-term cooperation and support, especially during the most challenging times. After the full-scale invasion of the Russian Federation into Ukrainian territory, our region came under attack with the aim of further annexation. The "Social Projects Center of Future" supported our workers by providing them with necessary medication as long as it was logistically possible.

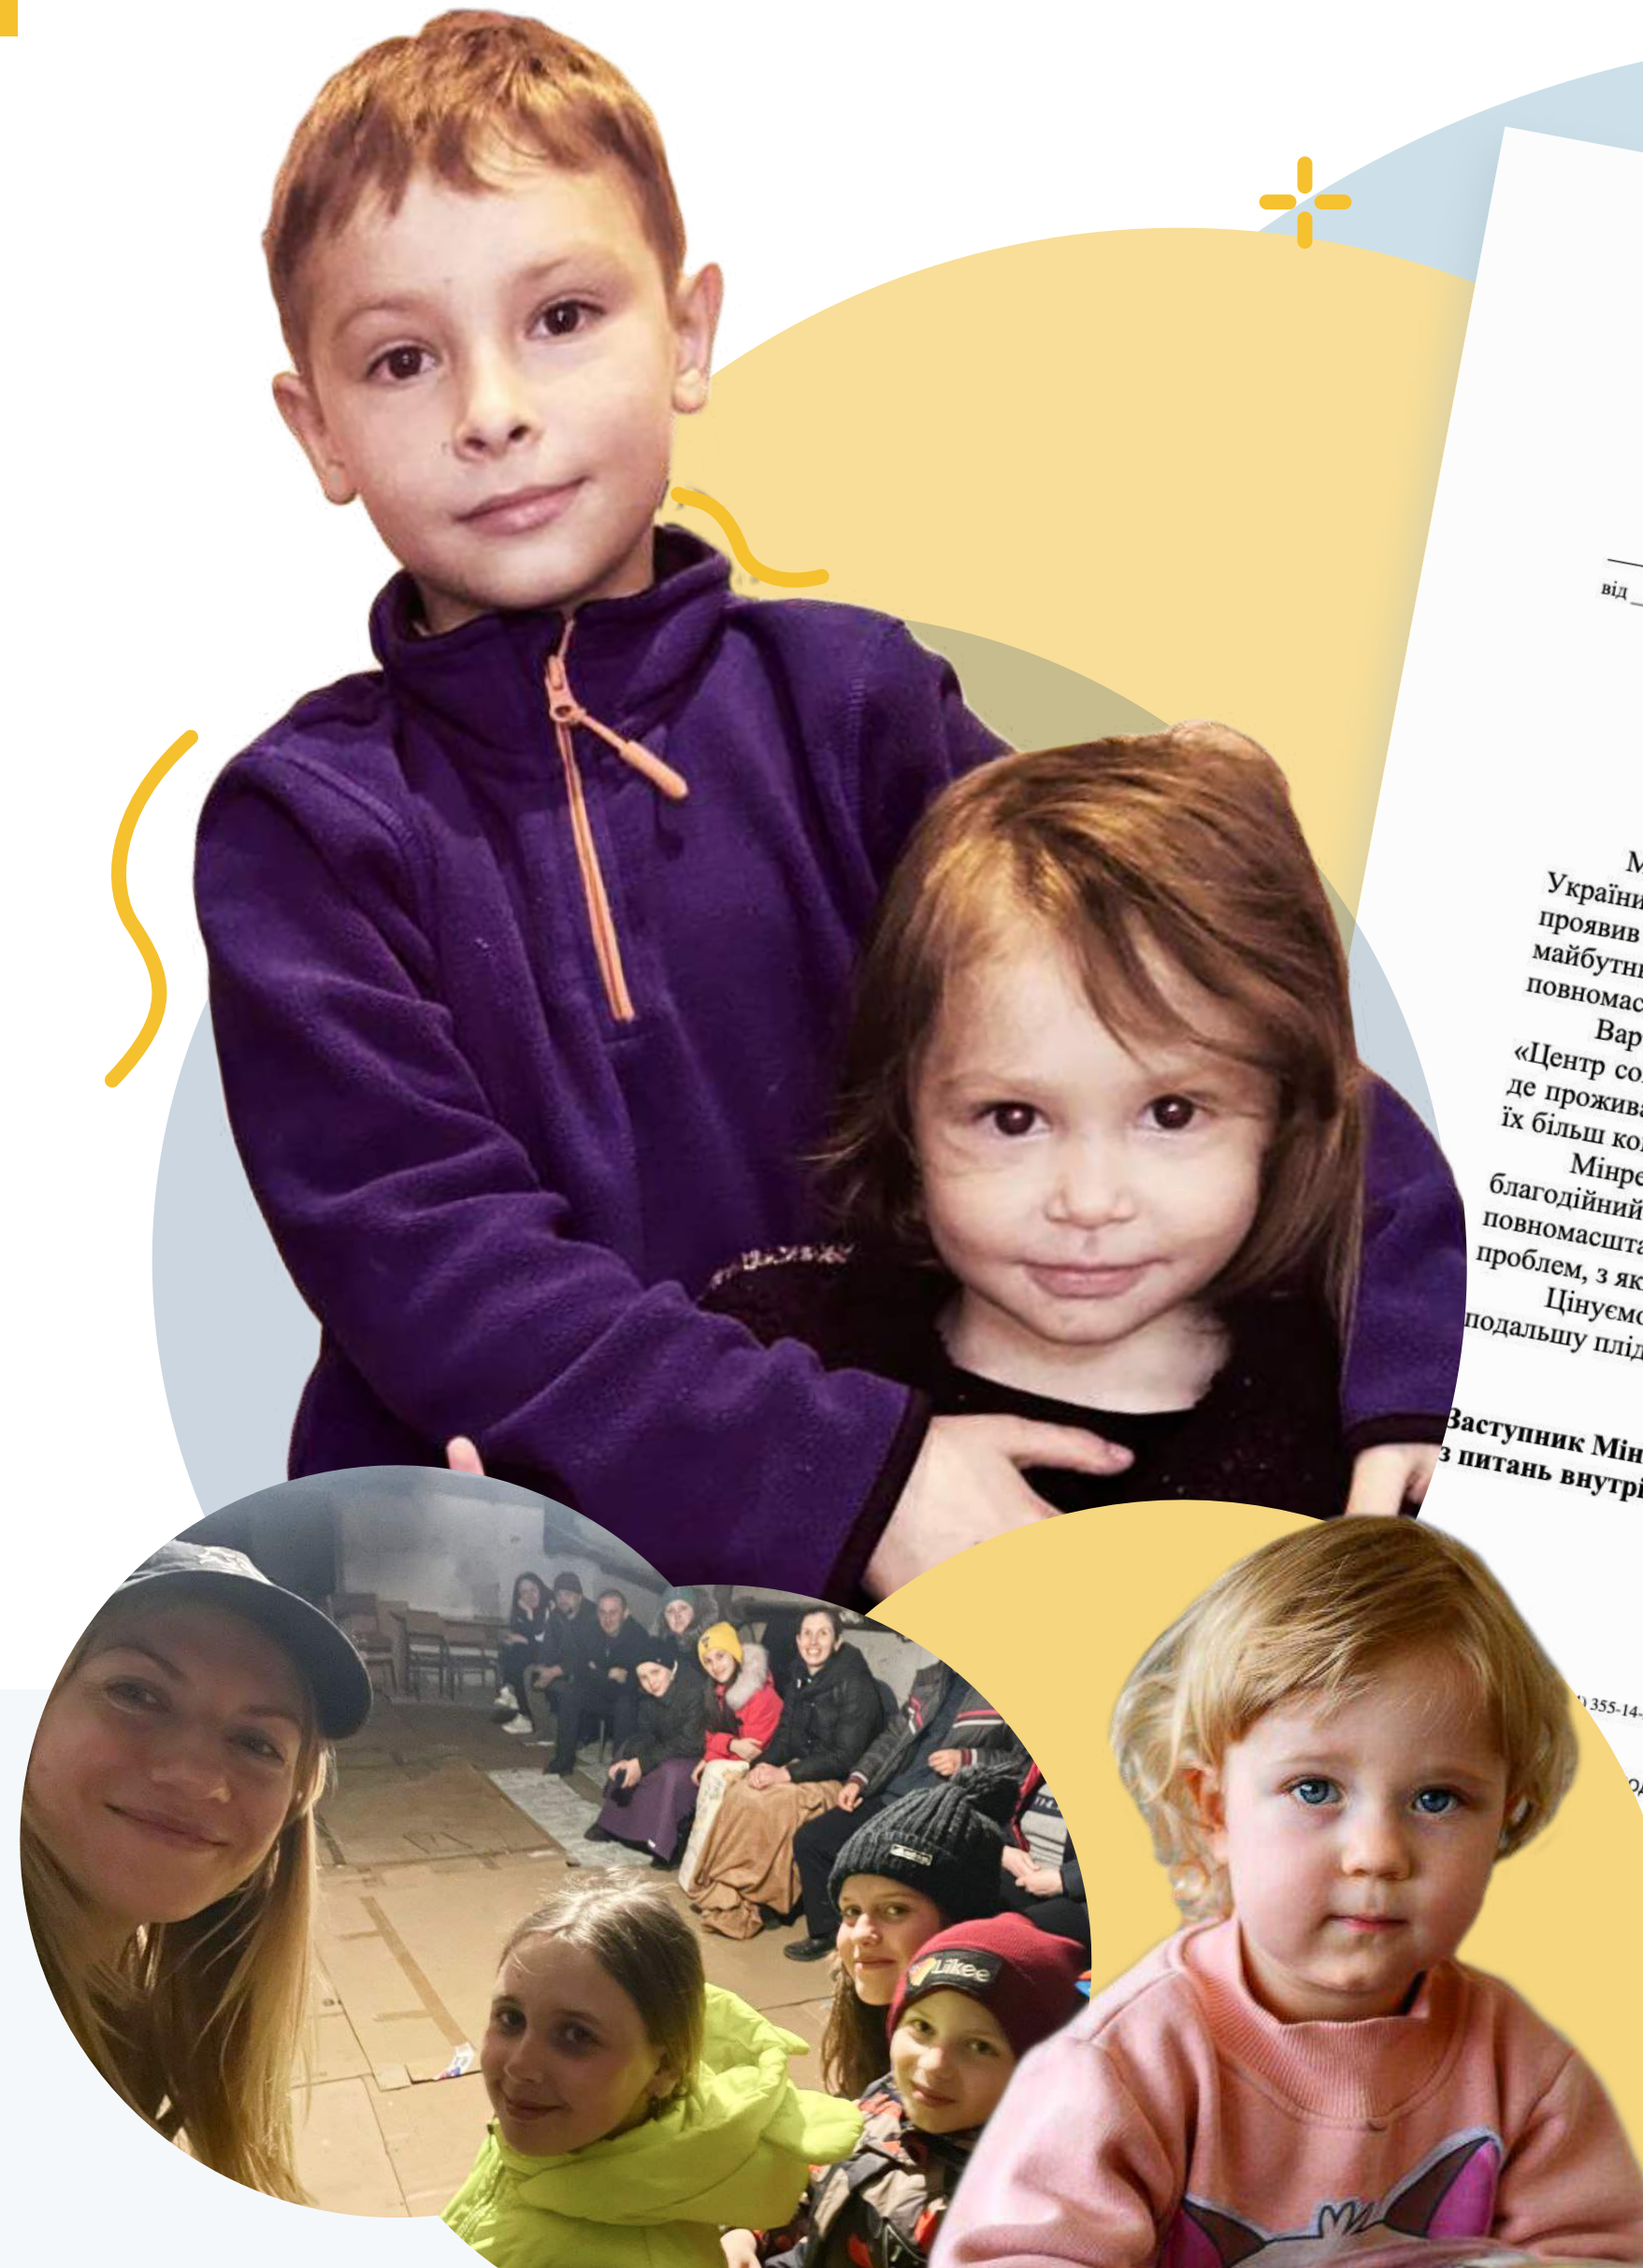

Olga Yeschenko,
Head of the Personnel Service Department "Ukrposhta" Kherson region

WORK WITH THE MINISTRY OF REINTEGRATION

The Ministry of Reintegration of Temporarily Occupied Territories of Ukraine (hereinafter referred to as the Ministry of Reintegration) expresses sincere gratitude for the initiative shown by the International Charitable Foundation "Social Projects Center of Future" in response to the humanitarian crisis that has arisen as a result of the full-scale invasion of the Russian Federation into Ukraine. It is worth noting that the assistance provided by the International Charitable Foundation "Social Projects Center of Future" to the compact living areas, predominantly inhabited by women with children, represents a significant contribution to ensuring their more comfortable stay in such facilities. The Ministry of Reintegration is grateful for the assistance and appreciates that the International Charitable Foundation "Social Projects Center of Future" does not remain indifferent to the problems faced by the Ukrainian people in the conditions of the full-scale invasion by the Russian Federation. We value your work and dedication to the Ukrainian people and hope for further cooperation.

Міністерство з питань реінтеграції тимчасово окупованих територій України (далі – Мінреінтеграції) висловлює щирі подяку за ініціативу, яку проявив міжнародний благодійний фонд «Центр соціальних проектів майбутнього» в рамках реагування на гуманітарну кризу, яка склалася в умовах повномасштабного вторгнення російської федерації в Україну.

Варто зауважити, що допомога, яку надає міжнародний благодійний фонд «Центр соціальних проектів майбутнього» для місць компактного проживання, де проживають здебільшого жінки з дітьми є вагомим вкладом в забезпечення їх більш комфортного перебування в таких закладах.

Мінреінтеграції вдячне за допомогу та цінує, що міжнародний благодійний фонд «Центр соціальних проектів майбутнього» в умовах повномасштабного вторгнення російської федерації не стоїть осторонь проблем, з якими стикнувся український народ.

Цінуємо вашу працю і відданість українському народу та сподіваємось на подальшу плідну співпрацю.

REVIEWS OF MILITARY UNITS

The provided assistance has strengthened the faith in the unity of the Army and the People. Together towards victory!

Command of the Military Unit A7297, on behalf of the entire personnel, extends sincere gratitude to the team of the Foundation for their active civic stance and concern for the future of Ukraine. Your understanding of the issues faced by the Armed Forces of Ukraine demonstrates patriotism and an active life position. The provided assistance has strengthened the faith in the unity of the Army and the People. Together towards victory!

Andriy Ageyev,
Commander, Lieutenant Colonel

The special unit of the 1st rifle battalion of Military Unit A0536, specifically the Anti-Tank Guided Missile Platoon, expresses sincere gratitude to the team of the Foundation for the provided assistance. Your selfless work for the benefit of the Armed Forces contributes to the defense of territorial integrity and the inviolability of the Motherland. Your support greatly contributes to the effective achievement of our common goal — the defense of Ukraine.

Mykhailo Cherkaskyi,
Commander

Military unit A7328 is grateful for its contribution to enhancing defense capability and the effectiveness of the unit's activities, particularly the reconnaissance platoon.

A.Livenko,
Commander

Military unit A4790 expresses gratitude for the targeted charitable assistance provided to enhance the combat readiness of the servicemen defending the territorial integrity and sovereignty of Ukraine within the subordinate unit. This significant assistance contributes to the victory over the aggressor and the protection of the Ukrainian people.

Sergiy Kren,
Commander

The command and personnel of the military unit A2988 express gratitude for the assistance in the form of power banks provided to the servicemen of the 23rd Separate Motorized Infantry Battalion "Khortytsia," who ensure national security and defense measures, including repelling the armed aggression of the Russian Federation in the Donetsk region.

O. Nazarov,
Commander

Your support greatly contributes to the effective achievement of our common goal — the defense of Ukraine.

DESCRIPTION OF OUR WORK IN OTHER PROJECTS

One of the priority tasks of our Foundation has always been the support of seriously ill children. But with the beginning of a full-scale war, most of the resources of our organization were used for the implementation of the **"Ukraine war help center"** project. Most of our wards went abroad with their families. But not considering all the circumstances, we continued to provide assistance to those who needed it in Ukraine.

Thus, in 2022, **5 children** received expensive hearing aids, **8 children** with **cancer** received medication, and **9 children** diagnosed with cerebral palsy, autism, and Down syndrome **were paid for treatment in rehabilitation clinics.**

A total of **1,000,000 UAH** was spent on the needs of the children's aid program.

We also supported and helped animals, and therefore a little more than **1,000,000 UAH** was spent as part of the **"My Friend"** program to support animals in shelters and zoos in Kharkiv, Kyiv, and other cities.

CHAIRMAN OF THE BOARD ANNUAL ADDRESS

Vadim Khadzhiglov,

"Social Projects Center of Future"
Chairman of the board

Dear friends,

I want to thank you for your support in 2022. Our lives were divided into two halves, before February 24th and after this date.

I thank our team for being able to quickly gather and organize the "Ukraine war help center" project just three days after the full-scale invasion. All the experience, contacts, and resources we have accumulated since 2012 were mobilized to provide assistance! It took us three days to swallow the "pill" called WAR and start working in new realities and conditions. Therefore, on February 27th, the Foundation's team was fully focused on the most important project of our lives — the "Ukraine war help center."

I want to express sincere gratitude to our friends and partners who did everything possible from the first days of the war to make many people in Ukraine and beyond aware of the "Ukraine war help center" project.

**... Resistance is about the Ukrainian people,
unconquerability is about the Ukrainian soldier, and the
desire to be free is the spirit of every Ukrainian.**

I thank our donors scattered all over the world for supporting Ukraine and our projects. In 2022, we were able to provide assistance amounting to over 23 000 000 UAH, which is an absolute record for our foundation.

On behalf of the entire foundation team, I want to thank our defenders, both men and women, all defense forces, representatives of emergency services, national police, and doctors. Your courage and heroism serve as an example and inspiration for many generations of Ukrainians.

Once again, Ukrainians have shown the world that resistance is about the Ukrainian people, unconquerability is about the Ukrainian soldier, and the desire to be free is the spirit of every Ukrainian.

We are strong! We are free! We are invincible!
GLORY TO UKRAINE!

**In 2022, we were able to provide assistance amounting to over 23 000 000
UAH, which is an absolute record for our foundation.**

OUR PARTNERS

CHAIRMAN OF THE SUPERVISORY BOARD ANNUAL ADDRESS

Ievhen Gluzov,

*"Social Projects Center of Future" Chairman
of the Supervisory Board*

Dear friends,

This year has brought a lot of pain and suffering to the Ukrainian people. Many can no longer remember what life was like before the war. It has changed us forever!

Our team has never had any illusions about the intentions of the russians, as the war started for us back in 2014. Therefore, on February 24, 2022, we already knew exactly what we had to do. Our program, the "Ukraine War Help Center," has helped tens of thousands of Ukrainians, young families, soldiers, doctors, and children.

Our activism, our striving for victory and justice, are the driving force.

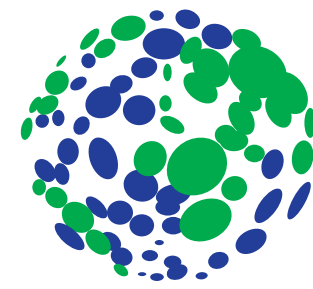

I want to thank the entire team of the Social Projects Center of Future, the board and management of the foundation, our partners and friends for their resilience and support.

Our activism, our striving for victory and justice, are the driving force for thousands of volunteers, charitable foundations, civil society organizations, and simply caring people. Our civil society and strength serve as an example to follow and, without exaggeration, are the most valuable legacy for our children.

I want to thank the entire team of the Social Projects Center of Future, the board and management of the foundation, our partners and friends for their resilience and support.
